THE LATEST.

Voters in twelve States will cast their ballots on Tuesday—in Kentucky, Massachusetts, Rhode Island, Maryland and Mississippi for a Governor and other State officers; in New Jersey for a Governor only; in New York for two Associate Justices of the Court of Appeals; in Pennsylvania for a State Treasurer and in Nebraska for a Railroad Commissioner and two Regents of the State University. Municipal officers will be selected in Louisville, Ohio, Utah and California, while in New York county a number of Judges and a Sheriff will be elected.

In declining to accept the challenge of Donelson Caffery, Lieut. Gov. J. Y. Sanders, of Louisiana, added that he withdrew no statements, and that Caffery knew where to find him. The trouble is the outcome of the political situation, the Lieutenant Governor having charged Caffery with making an untrue statement. Sanders' friends say that he refused to engage in a duel because he was in office and had sworn to uphold the law.

Enrique Creel, Ambassador for Mexico to the United States and new Governor of Chihuahua, has been ordered by President Diaz to proceed to Washington to attend the conference of Southern and Central American Republics. It is believed he will remain at Washington as Ambassador at least through the winter.

The members of the Southwestern Tariff Commission of Railroads will hold their thirty-seventh regular meeting on board a steamship in the Gulf of Mexico on November 11. It is claimed that this is the first meeting to discuss railroad freight charges ever held on board a steamer.

Gov. Cummins, of Iowa, is in Washington to hold a conference with President Roosevelt. It is presumed that the Governor will recommend to the President that he urge Congress to pass an act for a constitutional amendment with reference to the election and control of great interstate corporations.

John Sharp Williams, the Democratic leader of the House of Representatives, says Democratic success in Kentucky tomorrow is of vital importance to the National Democracy, as defeat will not be considered as being due to local causes, but will be attributed to a lack of confidence in the party.

Representatives of the Central American Governments will meet at a peace conference to be held at Washington, November 11. It is hoped that as a result wars between the nations represented will be prevented and that internal revolutions will become things of the past.

The farmers of Daviess county not allied with the American Society of Equity have called a meeting to be held Saturday at Owensboro to form an organization for mutual protection. The "Army of Peace" has disbanded and the members have returned to their homes.

The anniversary on Saturday of the birth of King Edward of Great Britain will be marked by the presentation to him on behalf of the people of the Transvaal of the great Cullinan diamond, the value of which approximates \$300,000.

Over 76,000 railroad men of the United Kingdom have voted to strike. So far only 8,773 have voted to oppose the step. Nothing will be done pending the interview Wednesday with the president of the Board of Trade.

Secretary of War Taft's recent change of plans for the remainder of his world-circling itinerary provides for his departure from Manila on Saturday of this week instead of to-day, as originally arranged.

Three men were killed, nine seriously injured and about twenty passengers more or less hurt in a collision between a fast passenger train and a freight on the Queen and Crescent near Morgantown, Ga.

There were no stores open in Kansas City yesterday, but the theaters gave performances as usual, being protected by Federal injunction proceedings.

J. T. Harahan says the Hariman interests have enough stock pledged to elect a board of directors of the Illinois Central railroad at the coming meeting.

President Roosevelt will leave Washington to-night for Oyster Bay in order to vote.

DEATH CRASH AT TOP SPEED

Three Killed and Twenty-nine Injured.

In Collision On Queen and Crescent In Georgia.

Wreck Takes Fire and Six Cars Burned.

GOING 70 MILES AN HOUR.

Birmingham, Ala., Nov. 3.—Fast passenger train No. 3 on the Queen and Crescent, going at a high rate of speed, collided head on with a freight train, one mile south of Morgantown, Ga., this morning. Three men were killed, nineteen seriously injured and about twenty passengers sustained more or less painful injuries. The dead:

C. B. SPENCER, engineer, of Birmingham.
JOE YOUNG, negro brakeman.
BUD APPERSON, Trenton, Ga.
The more seriously injured:

H. W. Elliott, Jr., freight engineer; leg broken.
J. M. Tumlin, white fireman; bad bruises.

Joe Young, negro fireman; cut and bruised.

Ed Jackson, express messenger.
W. A. Frierson, mail clerk; bruised and cut.

John Street, mail clerk; bruised and cut.

Three coaches, mail, express and second-class passenger coach were burned. All the mail and express matter being entirely consumed. The passenger train was over an hour behind time, and it is said by officials they were running seventy miles an hour, as the track at this point is exceptionally fine. The responsibility for the wreck has not yet been placed.

ENGINEER TORN TO PIECES.

Head Was Burned Almost Beyond Recognition.

Chattanooga, Tenn., Nov. 3.—The freight train from Chattanooga, with the fire company, sent down to assist in saving all possible from the flames, reached Morgantown about 10:30 o'clock. It was seen at once that little assistance could be rendered in subduing the flames, so the fire company was switched out of the way after the two day coaches, the diner and the Pullman had been pulled back from the fire. The fire had spread from the engines to the mail car, the baggage car and the smoker, and all that was left by 12 o'clock was a mass of twisted and tangled lot of trucks, engines, boilers, tenders, etc.

The body of Engineer Spencer was mangled almost beyond description. His head and shoulders, with the upper part of his body, were found on the west side of the embankment pinned under one corner of the mail car, but almost beyond identification. His lower limbs and what remained of his body were found under a tangled mass of iron on the tracks. His remains were mangled so that it was necessary to wrap them in a sheet before they could be brought to the city, where they were carried to Sharp's morgue.

The negro flagman on the freight train was riding on the running board of the cow catcher of No. 198, and was thrown underneath the wreckage of the engine, where his body was found after being badly crushed and mangled.

LONE HIGHWAYMAN ROBS HOTEL GUEST

BAD MAN AT PRESCOTT, ARIZ., ENTERS FIVE HOSTELRIES AND WOUNDS MAN WHO RESISTS.

Prescott, Ariz., Nov. 3.—A lone highwayman, armed with a knife, last night entered five hotels in this city, fatally wounded one of the guests who offered resistance, and made his escape, after robbing a score of people encountered during his single handed raids. The man first made his appearance in the Schuterman hotel, where he was discovered by Robert Lutely. The latter resisted when the robber made demands for his valuable and was almost cut to pieces by his assailant. Ten minutes later the robber entered the Brinkmeyer Hotel, where he secured considerable booty. In rapid succession he paid hasty visits to the Head, Cliff and Globe Hotels, in each instance terrorizing and robbing the inmates he encountered. He then made his escape.

MURDERED AS HE STEPPED INTO AUTO

DR. P. McF. ALLEN SHOT BY T. S. BUSH IN SUBURB OF NASHVILLE.

Nashville, Tenn., Nov. 3.—(Special.)—West Nashville, a suburb, was thrown into great excitement this afternoon when Dr. P. McF. Allen, a prominent physician, was shot and instantly killed just as he was preparing to step into his automobile by Thomas S. Bush, one of the best-known young men in the suburb. Allen and Bush have been close friends for a long time and the tragedy therefore caused all sorts of conjectures.

Bush is reported to have walked up to Allen and said, "I hate to do it, but I am going to kill you," then fired the fatal shot.

Bush declines to talk and so do Allen's friends.

ONE CASE TO TEST THE PURE FOOD ACT

PREPARATIONS FOR SUIT UNDER LABELING PROVISION.

WILL BE TRIED IN THE WASHINGTON COURTS

YEAR BEFORE FINAL DECISION.

Washington, Nov. 3.—[Special.]—The Attorney General will receive from the Secretary of Agriculture to-morrow a number of cases which have already been prepared by the latter department with a view of testing the Attorney General's decision upon the labeling provision of the pure food act.

From these cases probably three or four will be selected which will cover all the questions involved. The cases will be selected from those here in the District of Columbia, in order that the Government may be able to have them in the local courts. They will be commenced as one case, and to-night both the Government officials and the attorneys for the rectifiers express the opinion that the case will shortly be in the courts, hence to the highest tribunal, which can hardly pass upon the subject for a year.

As the law as construed by the Attorney General is being violated by practically every retail liquor dealer in the United States, the Government can make thousands of cases if it is desired.

OVERWHELMING MAJORITY FOR STRIKE

BUT BRITISH RAILROAD MEN WILL AWAIT CONFERENCE.

OVER 76,000 VOTE TO QUIT AND 8,773 AGAINST.

STATEMENT FROM BELL.

London, Nov. 3.—At a great meeting of the rail men held in Albert Hall and attended by deputations from all parts of the United Kingdom, Richard Bell, M. P., and general secretary of the Amalgamated Society of Railway Servants, and leader of the strike movement, announced the result of the ballot taken among the members of the society on the question of a strike. Mr. Bell said the society had 77,361 members at the end of September and that many men had joined recently but were not included in the ballot.

He announced that 85,134 papers had been returned, of which 76,555 were in favor of striking while 8,773 were opposed to so doing. The remainder of the ballots were spoiled, but a majority of those were in favor of striking.

Continuing, Mr. Bell declared that the executive committee of the society was well satisfied with this result, but movement among the men for further reference should be made to the situation pending the interview November 6, between Mr. Lloyd George, president of the Board of Trade, and representatives of the society. He said he hoped the mandate would not be put into operation, but he was satisfied that if it became necessary to take this step the men would stand by their colors.

In the course of his remarks, Mr. Bell made the interesting statement that there are over 100,000 men employed on the railroads of the United Kingdom who received less than \$5 a week.

BOTH SIDES CLAIM NEW YORK COUNTY

TAMMANY LEADER PREDICTS VICTORY BY OVER 50,000.

FUSIONISTS EXPECT TO WIN BY FROM 30,000 TO 40,000.

SHERIFF'S ELECTION FEATURE

New York, Nov. 3.—Charles F. Murphy, leader of Tammany Hall, who has had charge of the Democratic campaign, and Herbert F. Parsons, chairman of the Republican County Committee, under whose guidance the cause of the Republican and Independence League forces have been conducted, to-day expressed themselves confident of victory in the New York county election Tuesday. When asked whether he thought the Democratic majority would reach 50,000 Mr. Murphy said:

"It will be more than that." Chairman Parsons still adheres to his recent estimate that the Fusion candidates will win with majorities ranging from 30,000 to 40,000. The chief interest in the campaign has centered in the contest for Sheriff of New York county and the election of a Judge of the Court of General Sessions.

LOOKING TO OLD KENTUCKY

To Lead In Battle For Democracy's Triumph.

Much Is Expected To-morrow, Say J. S. Williams.

Predicts a Handsome Majority For Democratic Ticket.

OF ESPECIAL IMPORTANCE.

Washington, Nov. 3.—[Special.]—Representative Williams, of Mississippi, the Democratic leader in the House, of Representatives, to-night made the following statement:

"Right now, when genuine Democracy—the sort that was in former times, when Beck and his kind were alive, peculiarly associated in the public mind with Kentucky—is at such a low ebb and its adherents more than ordinarily discouraged, it is of special importance that Kentucky should hold the banner of Democracy aloft to be seen by all men. I, therefore, hope Kentucky will elect its Democratic ticket. If it does not, the result will be very much misinterpreted throughout the country, where it will be attributed, not to any mere local causes, but lack of confidence in the Democracy itself."

Of Special Importance.

"It is especially important that Kentucky fix its alignment stably now, as the election may be regarded as a presidential election. When I passed through Kentucky I was very much amused to note how the Republicans were playing prohibition in the mountains and whisky in Louisville. As for the discovery of the connection which existed between the tobacco trust and the Republican candidate for Governor, this need astonish nobody. Republicanism and trustism go naturally and nearly always together."

"I do not share any pessimistic opinion of the future of Kentucky. On the contrary, I believe the party will win by a handsome majority."

Will Keep Up Canteen Fight.

While there is little hope of securing the restoration of the canteen in the army at the hands of the coming Congress, there will be no let up among the officers and men of the army to bring out facts in relation to the matter which may result in favorable action when the present temperance wave recedes.

Walter Scott Hale, commander-in-chief of the Spanish War veterans, declares that it is of vital importance that Congress should restore the canteen to the regular army. He said that he has been in Washington on a visit and gave this interview:

"The restoration of the army canteen is absolutely necessary if the Government desires to maintain the regular army at anything like its maximum strength. I served as a soldier in the regular army, and know by experience that the operation of the canteen was most helpful in maintaining discipline and contentment among the men. It was beneficial in that it made many of the men contented and discouraged them from visiting low dives, where vile compounds, termed liquors, were dispensed. In the interest of sanitation, morality and discipline, I hope Congress will follow the recommendations of persons like me, who have been officers of the army and former soldiers, and restore the canteen at military posts and soldiers' homes."

STORES CLOSED; THEATERS OPEN

KANSAS CITY MERCHANTS OBEY THE SUNDAY LAW BECAUSE OF RECENT ARRESTS.

Kansas City, Mo., Nov. 3.—Never before in the history of this city was the Sabbath so strictly observed by the business interests as it was to-day. All the merchants who have heretofore defied the law forbidding unnecessary labor on Sunday to-day obeyed the Sunday-closing order. The theaters, however, were open as usual, as they were protected by injunction proceedings pending before the Federal Court.

The decision of the merchants to obey the law to-day was brought about by the wholesale arrests during the last twenty-four hours of those persons who were indicted by the grand jury yesterday for refusing to comply with the law during the two previous Sundays.

HARAHAN CLAIMS MAJORITY OF VOTES

SAYS STATEMENT OF FISH TO THE CONTRARY IS UNTRUE.

New Orleans, Nov. 3.—J. T. Harahan, president of the Illinois Central railroad, in a statement about the pending contest for control of the Illinois Central railroad, said:

"Mr. Fish's statement that he now has a majority of the stock in his favor, exclusive of the Union Pacific holdings, is untrue. Including those counted for us, we know of more than enough pledged to us to elect our ticket. These are the facts based on actual knowledge and their proof will come out when the stockholders are counted."

GOLD CREDIT CURRENCY LAW

Will Be Brought Up At Coming Session.

Only Way Out of Trouble, Says Mr. Fowler.

Would Be No Panic If Money Was In Bank.

PLANS OF THE CONGRESSMAN

New York, Nov. 3.—That permanent relief from the present monetary stringency can only be had through a system of credit currency adequate to meet the requirements of trade, and redeemable in gold, was the opinion expressed to-day by Representative Charles Fowler, of New Jersey, chairman of the House Banking and Currency Committee, which will, at the coming session of Congress, endeavor to have a law passed providing for credit currency. Until such permanent relief is made possible by legislative enactment, Mr. Fowler asserted, the situation must be met by the issuance of clearing-house certificates, cashiers' checks and due bills of business houses and manufacturers.

"The underlying business conditions," he said to the Associated Press to-day, "are evidenced by the increased earnings of railroads and the fact that the value of our agricultural products this year are \$500,000,000 more than last year, which was the highest year in our history, and bringing to our people about \$7,000,000,000, but public confidence was possibly greatly shaken and credit seriously affected. Therefore every patriotic citizen, from the President down, should do all in his power to restore that confidence which is essential to national prosperity."

Reserve Money Not in Bank. "The cause of the currency stringency is that there is scattered throughout the country, at the mints, in the wheat, corn and cotton fields, in the pockets of the people or locked up about \$1,200,000,000 of the reserve money of the United States, most of which, under a proper condition, would be in the banks serving as reserves. Temporary relief will be through the forced use of current credit in the form of clearing-house certificates, cashiers' checks and due bills of business houses and manufacturers during the next ninety days. Permanent cure must come through a system of credit currency, expanding and contracting with the ordinary demands of the smaller trade, precisely as checks and drafts do in the broader field of commerce."

No Panic If Money Was in Bank. "We have gone far enough in the present financial crisis to get a pretty clear perspective of the real situation. First—The condition is now general, reaching every nook and corner of the country. Second—If the gold certificates, the United States notes and silver certificates, the reserve money that the banks of the country have sent into the wheat fields of the West and Northwest, into the corn fields of the West and Southwest, into the cotton fields, into country districts of all sections, to settle up the year's business, they are the reserve money that the banks of the country have
